CUBAN POSTAL FRAUD

No Specific Punishment Laid Down for Those Under Charges.

COURT MUST SETTLE.

The Government Will Push the Cases Against Rathbone and Neely. There Are Four Charges Against the Former.

Washington, Oct. 15.—Since his return from the investigation of the Cuban postal frauds, Fourth Assistant Postmaster General Eristow has been engaged in formulating the evidence to be submitted to the department when those arrested are brought to trial. The record of every official from Rathbone down, has been gone into and the lives of all before they became associated with the Cuban postal system have been investigated.

Rathbone and Neely will be vigorously prosecuted. It is hoped they will be brought before a judge rather than a jury. The character of their alleged crime makes them amendable to no set punishment that being left to the judge or jury under the Cuban law. It is practically decided that the former director general shall be tried on four charges. The first charge shall be that through his negligence his subordinates were enabled to cheat the government. The Cuban law makes Rathbone responsible for every cent taken by Neely and others. The second charge is that Rathbone took \$1000 for which he never gave vouchers. The third charge deals with the per diem allowances made to him by the postmaster general. The fourth charge deals with his extravagant expenditure of the government funds.

Neely's Case Advanced.

Washington, Oct. 15.—The supreme court has granted motions advancing the Neely case and cases involving the question of extension of the constitution over the Philippines and Puerto Rico to the second week in November. A number of minor decisions were handed down.

Saloon Fight Terminates Fatally.

Huntsville, Ala., Oct. 15.—R. Purdy of Halifax, N. C., died here from a wound on the head inflicted by a billiard cue in the hands of T. Berry Wade of Ryland. Purdy and Wade had a difficulty in a poolroom Thursday, and Purdy was knocked down with a cue. His skull was fractured and he never recovered. A brother of the dead man is here, and swore out a warrant, charging Wade with murder in the first degree. Wade is out on bail.

No End to the Dead.

Galveston, Oct. 15.—It has been over five weeks since the great storm, but there seems to be no end to the finding of corpses. Last week an average of more than 20 bodies a day were recovered. While most of the debris has been turned over by the workmen, it is believed there are still several hundred dead buried in the wreckage. The health of the city, strange as it may appear, was never better.

Traveler Killed at a Crossing.

Nevada, Mo., Oct. 15.—At a crossing on the Missouri, Kansas and Texas railroad in the southern boundaries of this city a train struck a wagon, killing Philip Prather and wounding James Prather, his father. The accident occurred on a hillside, where those approaching the crossing can only see a train a few rods away. The Prathers were from Foyil, Cherokee Nation and were traveling.

Convention of Cotton Growers.

Atlanta, Oct. 15.—A convention of cotton growers and business men generally has been called by President Harvey Jordan of the Georgia Cotton Growers' association. The convention will be held in Macon on Nov. 20 and 21, and the object is to devise means for securing to the cotton producer a fair price for the crop. Invitations are to be sent to every cotton growing country in the south.

Thanked for Gallant Services.

Pretoria, Oct. 15.—General Roberts, in an army order announcing the return of General Buller to England, thanked Sir Redvers for gallant service while commander-in-chief of the British forces in South Africa, and the ability with which he carried on operations while serving under General Roberts, which he declares "resulted in a collapse of the Boers in eastern Transvaal."

Another Attempt Made.

Mansfield, O., Oct. 15.—The Dowietto deacon, Homer Kessler of Chicago, made another unsuccessful attempt to hold services here Sunday. He was taken in charge by the police while holding services at the home of F. D. Calver and was sent out of the city on the west-bound Pennsylvania passenger train at noon.

Vagaries of a Cow.

Paris, Tex., Oct. 15.—L. C. Dowlen of Petty has a cow that dropped twins a few days ago. She took one of the

calves on her horns and tossed it away and has ever since refused to be reconciled to it, while the mother instinct toward the other is strongly manifested.

McCook Back from Dawson.

Seattle, Wash., Oct. 15.—John A. McCook, United States consul at Dawson, has arrived here from the north on his way to New York and Virginia hot springs where he will be treated for heart trouble. He has obtained leave of absence until March.

MORE HONORS FOR HARE.

He Rescues Captain Shields and Fifty Men Captured by Filipinos.

Washington, Oct. 15.—General Luther R. Hare, a Texas boy, has further distinguished himself in the Philippines by the rescue of Captain Shields and 50 men of Company F, Twenty-ninth regiment, who were ambushed and taken prisoners on Marinduque island several weeks ago. General Hare had with him some of the boys of the Thirty-third infantry recruited at San Antonio.

Shields and Men Rescued.

Manila, Oct. 15.—Captain Devereaux Shields who, with 51 men of company F, Twenty-ninth regiment of United States volunteer infantry, was captured by the insurgents last month in the island of Marinduque, was rescued Saturday by the American rescue force, with all the members of his party.

UPRISING IN CHINA.

Troops Sent to British Territory to Keep Fleeing Rebels Out.

Hong Kong, Oct. 15.—A column of troops has been dispatched to the Kowloon frontier with the object of barring armed refugees, either rebels or imperial troops, from entering British territory when defeated. Rebels are reported to be 3000 strong 30 miles north of the British frontier. A thousand of Admiral Ho's troops are in pursuit of them while 2000 Chinese troops have left Canton overland to intercept the rebels. Admiral Ho informed the governor that the rebellion was carefully planned. The rebels are anxious to conciliate the villagers and gain the respect of foreigners, hence the absence of outrage and pillage. All indications point that the rising will be wide spread. Outbreaks occurred simultaneously in several centers of Kwang Tung and Kwang Si.

Some positive indication of the attitude of the foreign powers are anxiously awaited.

A French launch was captured by pirates Oct. 13, near Mong Chow. The pirates secured \$32,000 in specie.

All Accepted Except Germany.

Paris, Oct. 15.—Germany is the only power which has not formally replied to France's note on China, though she has verbally accepted its terms. Japan's answer accepts proposals, retaining only one condition. This refers to permanent prohibition of importation of arms. While agreeing with the principle Japan offers suggestions as to how prohibition can be best accomplished.

CHILI OBJECTS.

Will Not Accept Mexico's Invitation if Tacna Dispute Is Discussed.

Washington, Oct. 15.—Before formally accepting the invitation of Mexico to participate in the Pan-American conference to be held next year in the City of Mexico, Chili has suggested the formation of a definite programme setting forth the business the conference shall discuss. Chili's action is based upon her unwillingness to permit any attempt on the part of either Peru or Bolivia to precipitate into the discussion of the conference the question of the Tacna dispute.

The congress held ten years ago this dispute was brought up, but Chili withdrew from the discussion and no action was taken. Chili has repeatedly declared its adherence to the principle of arbitration and will, therefore, not object to the adoption by the congress of a recommendation for a treaty of arbitration modeled somewhat after The Hague instrument, but it will insist that the provisions of the treaty distinctly provide that it is not retroactive.

In view of Chili's suggestion that the Tacna and Arica dispute be not allowed to come before the Pan-American congress, it is apparent that she does not look for an early settlement of the controversy.

Five Indian Chiefs Dead.

Guthrie, O. T., Oct. 15.—Word has just been given out of the death of five prominent Oklahoma Indian chiefs in Mexico. About two months ago, Big Jim, chief of the Shawnee tribe, in the eastern part of Cleveland county, left for Mexico with four other chiefs to negotiate with the Mexican government for land on which their tribes might settle, not being satisfied with their surroundings in Oklahoma and the Indian Territory. Ten days ago David Alford, Big Jim's interpreter, returned from Mexico, and soon afterward was afflicted with smallpox. He is now very low. Alford has just given out the information that in Mexico the five chiefs contracted the smallpox and died three weeks ago. Big Jim was one of the most noted Indians of the southwest and had caused the government consid-

For County Commissioner.

In the proper column this morning will be found the announcement of Mr. John Thompson as a candidate for county commissioner of precinct No. 1, Brazos county. Mr. Thompson has lived in Brazos county a number of years, residing two miles from Millican. He is well known and highly esteemed as one of the best and most substantial citizens of the county. He is fully qualified in every way for the office he seeks and if elected the Eagle feels confident he would discharge its duties creditably and satisfactorily.

Alexas, is the name of the only trained African Zebra in the world. He will be seen with Norris & Rowe's Big Trained Animal Shows, which will exhibit in this city next Saturday afternoon and night, under their large water proof tents. Heretofore the zebra has been considered unmanageable, and it remained for Norris & Rowe, the world's greatest animal trainers to prove this to be erroneous. Alexas is a genuine African specimen, and Norris & Rowe will forfeit \$10,000 to any charitable institution if Alexas is not as represented to be. Do not miss seeing this wonderful feature.

The Bowie cotton carnival was a
success far beyond the expecta-
tions of its promoters. Sixteen
hundred and eighty bales of cot-
ton on 900 wagons were in the line
of parade. In addition there were
a number of splendidly decorated
floats on which the queens and
maids rode. There were several
bands in the parade and a large
number of men and women on
horseback. The line was about
three miles long. One thousand
dollars in premiums was given to
the farmers.

NEGRO KILLED.

Arthur Carter Shoots Logan
Walter Near Town.

Early yesterday afternoon Logan
Walter, colored, was shot and killed
by another negro named Arthur
Carter, better known as "Hot" Car-
ter, on the C. W. & B. V. railroad,
south of town. Both men were
working as section hands, and it is
alleged the killing grew out of a dif-
ficulty occurring in the forenoon, the
cause of which could not be learned.
Walter was shot in the head with a
38-calibre Smith & Wesson pistol and
fell across the track. His body was
viewed by Justice Minkert, who ren-
dered a verdict in accordance with
the above facts. Carter was arrest-
ed by Deputy Marshal R. H. Smith
and lodged in jail.

The many friends in this city of Mr. Arthur Jenkins learn with profound regret of a serious accident which happened to him at Uvalde, where he was employed as telegraph operator. He was struck by a train in the railroad yards there and had one of his ankles broken. He was taken to San Antonio, accompanied by his wife, where it was found that the foot had to be amputated. His parents, Capt. and Mrs. G. W. Jenkins, left for San Antonio yesterday to attend him.

John Fiela, the Italian charged with murder, has been released from jail. It will be remembered that Fiela shot and killed his wife and a child of another Italian named Congelosa and wounded Congelosa himself at Mudville. He was tried for the murder of the child at a former term of the district court and found not guilty on the ground of insanity. The remaining case again him has been dismissed and he was released from custody as above stated.

The exodus of people from this neighborhood continues unabated. It is becoming a very serious question who will cultivate these very large tracts of land next year. Sixteen white families, besides hundreds of colored people, have gone to the upper counties—and they still go.—Plantersville correspondent in Navasota Examiner.

MARINES WILL REMAIN.

None of Those in the Philippines Will Be Brought Home Now.

Washington, Oct. 15.—Secretary Long has decided not to order home any of the marines now in the Philippines. Instead, if more marines should be available, they will be sent to Manila. Reinforcements are necessary because of the contemplated reduction of General MacArthur's command by the withdrawal of the troops. The war department has practically determined to adopt General Davis' recommendation and reduce the military force in Puerto Rico. The troops will be brought to the United States and then sent to Manila. Eight companies of the Tenth infantry, it is believed, can be spared from the island, and these will make a welcome addition to General MacArthur's command.

In order that there may be no interruption of the practice work of the submarine boat Holland, instructions have been given to Lieutenant H. H. Caldwell, her commanding officer, to take her from Newport to Annapolis. She will be able to start out from the naval academy in all seasons and her crew will have ample opportunity to become acquainted with the operation of the vessel.

SHOOTING AT WACO.

Walter Shelton Killed and Edwin Baker Out on Bond.

Waco, Tex., Oct. 15.—Walter B. Shelton driver of a beer wagon is dead with a bullet in his breast and Edwin Marion Baker a motorman, is on bail in \$2000, charged with killing Shelton.

The deceased was an industrious citizen, well liked, and the same applies to Baker, the motorman. The dead man was 29 years old and Baker is 25.

The shooting took place in the presence of several witnesses. Baker gave bond as soon as the amount was agreed upon between the state and the defense.

YOUTSEY BETTER.

He Understands and Obeys Nurses, but Does No Talking.

Georgetown, Ky., Oct. 14.—The condition of Henry S. Youtsey has improved and the general impression is that the prosecution will make a strong effort to have the trial resumed today. Youtsey pays more attention to his nurses, but he does no talking.

A Misplaced Switch.

Chicago, Oct. 15.—An open switch at Eightieth street in South Chicago, believed to have been purposely misplaced, caused the death of two men, serious injury of three others and made wreckage of the engine and forward part of the New York and Boston express train on the Lake Shore and Michigan Southern road Sunday night. The engine was demolished, and two mail and two express cars were piled up in a heap, but the five passenger coaches directly behind the baggage cars did not leave the track and their occupants escaped injury. The train was running 45 miles an hour when it struck the switch.

Cannot Close Doors.

Ardmore, I. T., Oct. 15.—It is a matter of general interest why Judge Townsend restrained the tribal authorities from closing stores for non-payment of tribal taxes. Said Judge Townsend: 'The injunction was granted because there is no legal authority to close a person's store or use force. The tribal authorities cannot apply or resort to this remedy in the enforcement of the tax. It is plain, however, that non-citizens can be ejected for failure to pay, as intruders.'

Buckingham to Take a Cargo.

Vancouver, Oct. 15.—The steamer Buckingham, Captain Cole, has arrived here from Java with 3500 tons of raw sugar for the British Columbia refiner. She had a very rough trip, encountering two typhoons in the China sea.

James Stephenson, second officer was swept overboard on Aug. 17, and drowned.

The Buckingham is chartered by the United States government and will take a large cargo from Puget sound to Manila.

Democratic Meetings.

Chicago, Oct. 15.—From ocean to ocean, from the great lakes to the gulf, in every city, town and village of the country, Democratic meetings will be held Oct. 27, and will be addressed by the ablest speakers that the scope of this gigantic plan will permit. This is by order of the Democratic national committee.

False Registration.

Kansas City, Oct. 15.—Two arrests for alleged false registration have been made here and warrants are said to be out for other accused men. A local paper asserts that 200 'repeaters' were brought here from St. Louis and colonized in the slum district.

Colonel Williams Dead.

Nashville, Oct. 15.—Colonel Frank E. Williams, formerly of this city, and one of the best known attorneys in the state, died near Concord. He was for many years a law partner of United States Senator Bate.

Wreck on the Valley Road.

Little Rock, Oct. 15.—There was a serious wreck on the Valley Road this side of Pine Bluff, in which the engineer R. D. Smith was fatally injured, and J. L. DeHaven, the fireman, was painfully hurt.

Treasury Statement.

Washington, Oct. 15.—The statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$133,662,893; gold, \$88,861,309.

STRIKE NOT SETTLED

Operators Oppose to Granting Miners Any Further Concessions.

MINE OWNERS SPLIT.

They Do Not Go Hand in Hand and Their Interests Not the Same.
A Conference May Be Held With the Miners.

Scanton, Pa., Oct. 15.—A canvass of the operators of the Wyoming valley shows that there is considerable opposition to granting the miners any more concessions than those outlined in the original offer, namely, 10 per cent increase without any conditions. The individual operators especially are opposed to tying themselves up to any agreement.

Despite the views of the operators the impression here is that the strike will be ended this week.

The terms of the Scranton convention are not acceptable to the operators and representatives of coal carrying companies at Shamokin and Mount Carmel.

The Reading officials do not think the sliding scale will be abolished by the company while operators are averse to signing a contract binding them to pay 10 per cent increase until April.

In response to a request for a statement as to his views on the answer of the United Mine Workers to the operators proposition, T. H. Watkins, president of the Temple Iron company which is largely interested in coal mining gave out the following statement after it was submitted to various operators and approved by them:

"Mr. Mitchell apparently thinks that the control of the mining operations rest in the hands of one or two persons—notably Mr. Morgan—or that there is a trust of some sort which can decide the whole question, when, as a matter of fact there are only three or four of the transportation companies in which anyone concerned has any influence, and they do not represent 30 per cent of the whole anthracite tonnage. More than 100 different companies are interested in mining the total tonnage, and no one man can control or have the slightest influence over their action. Efforts have been made for years to get some plan to which all could agree to control the tonnage, so that fair prices could be secured, but effort after effort has failed through failure to agree on a plan that would not violate the laws, and to which all would agree.

"But Mr. Mitchell comes here and says in effect that no mine workers shall go to work until every operator does just exactly what the other one does, and that the Lehigh and Schuylkill men must have a new basis before the men in the Lackawanna and Wyoming regions return to work.

"There are some individual operators and some companies who will lose their last dollar before they will enter into any arrangement with another operator or will join in an arrangement to recognize the union by agreeing to any arrangement Mr. Mitchell's organization dictates for a settlement of the strike. The leaders of the organization, I trust, will soon see their mistake in insisting upon united action by the companies, and order the strike off. The United Mine Workers will lay themselves open, if they have not already done so, to the charge of being the largest and most dangerous trust to the public welfare that has ever existed, and the organization shall make the mistake of all others that failed, by going to far and using its power to hurt the public as well as those directly interested.

"Our company will be glad to discuss the matter with our employees when they are ready to meet us with a view of going back to work without regard to what the Schuylkill operators may do. The strike has already costs us a great deal of money and the men much money as well as loss of trade, which we may not recover in years. In the meantime, soft coal mines are working night and day filling the place of anthracite coal."

The following is the preamble and resolution which the committee returned to the miners' convention and which was adopted almost unanimously:

"We, your committee, submit the following preamble and resolution for your consideration:

"Whereas, the anthracite coal operators have posted notices offering an advance of 10 per cent over wages formerly paid, and have signified their willingness to adjust our grievances with their employees.

"Whereas, they have failed to specify the length of time this advance would remain in force, and also failed to abolish the sliding scale method of determining wages; we would recommend:

"That this convention accept an advance of 10 per cent providing the operators will continue its payment until April 1, 1901, and will abolish the sliding scale in the Lehigh and Schuylkill regions, the scale of wages in the last two named districts to remain stationary at 10 per cent above the present basis price; and that the companies will agree to adjust other grievances complained of with committees of their own employees.

"Should this proposition be unacceptable to the operators, we recommend

that the convention propose that all questions at issue be submitted to a fair and impartial board of arbitration.

"We would further recommend that under no circumstances whatever should there be a resumption of work at any of the collieries until the operators signify their acceptance of this proposition and you are notified officially that the strike is ended and all return to work in a body on the same day."

Bartenders Strike.

Carbondale, Ills., Oct. 15.—A unique strike is on at Murphysboro, every bartender connected with the 30 saloons of that city having gone out for pay for overtime and picnic days. It is probable the strike will not be settled for some time, as the saloonkeepers refused to comply with the demands of the men.

Sued by Liquor Dealers.

Guthrie, O. T., Oct. 15.—A sensational suit that will attract much attention was filed in the district court here Saturday by Fred Thomas and R. L. Thompson against Rev. D. W. Keller, J. E. Brewster and H. E. Swan. The plaintiffs are liquor dealers in this city and the defendants are all prominent in county and territorial Antisocial league work. The plaintiffs ask \$1000 damages, claiming the defendants made false and defamatory statements against them, injuring their business, character, reputation and general standing.

Bad Wreck on the Santa Fe.

Lampasas, Tex., Oct. 15.—An extra freight train, No. 259, in charge of Conductor H. R. Pickens, was thrown from the track just below the Santa Fe depot here by running over a horse. The train consisted of 18 boxcars. Nine cars of cotton of the 19 were thrown on the locomotive and were burned. Fireman J. S. Baker of Brownwood was killed and Engineer C. J. Saunders of the same place lost his left leg and was thrown beyond the right of way.

Making Syrup at Wharton.

Wharton, Tex., Oct. 15.—The Jones syrup plant at this point will make the first start Monday. The mill has the capacity of 200 tons of ribbon cane daily, or 2000 gallons of first-class syrup. The situation of the plant places 15,000 tons within easy striking distance. The ready sale found last year for pure syrup made here gave a boost to this new industry.

Killed Moving a House.

Pekin, Ills., Oct. 15.—Ulbert Wilts, was killed here while moving a house, crawling under to adjust a jack-screw. It slipped in some manner and let the building down upon him crushing the life out of him. He was married just one week.

Walderssee Gone to Pekin.

Tien Tsin, Oct. 15.—Field Marshal Count von Walderssee and his staff left here Sunday for Pekin. He had only a small escort.
